- Central point of contact for inquiries and escalations
- Assist in uncovering customer opportunities
- Events, webinars, and training
- Onboarding new partners
- Customer facing partner support

*Rob believes in selfless service and finding success through collaboration and teamwork. He brings over 20 years of experience in technology to the Vendor Managers Role. Rob began his career in system test for a software development company and traversed a path that took him through all aspects of the customer and sales experience. He has a proven track record of methodically navigating the channel and IT marketplace and takes extreme pride in cultivating relationships to earn trust. His experiences in the many facets of technology makes him an excellent fit to support the Kaseya line from a sales and technology support perspective. **Contact Rob to learn more about partnering with Kaseya!***
