Provide powerful, versatile and effortlessly intuitive S3 Cloud Object Storage, when you sell Lyve Cloud.

- Flexible tiering
- Comprehensive data protection
- Lifecycle management & geo replication
- No egress, API or retrieval fees
- No min object retention for active data
- Built for multi-cloud & hybrid ecosystems

Introducing Cloud Migrate

Designed for seamless data migration, Cloud Migrate creates a secure, cost-efficient, and fully native experience—empowering MSPs to help customers move data at scale into Lyve Cloud without complexity or compromise.

- Seamless data migration
- Manage scheduled imports or perform large-scale transfers
- Flexible transfer options
- Migration insights
- Detailed logs for auditability
- Built into the Lyve Cloud – No external tools or logins required
