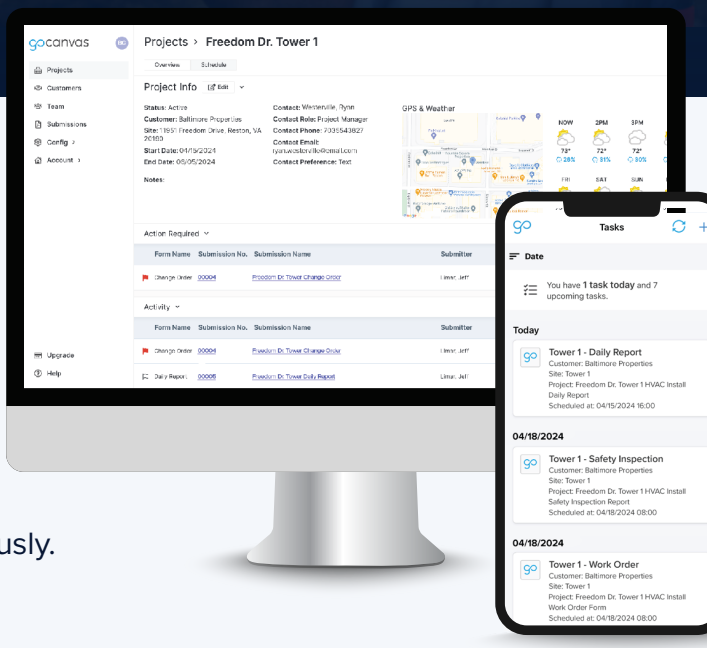
gocanvas
A NEMETSCHEK COMPANY

ON TASK. ON BUDGET. ON TIME.

Streamline every jobsite, inspection, and project.

GoCanvas® simplifies jobsite operations and inspections with customizable digital forms, enabling real-time data collection, collaboration, and decision-making. Our user-friendly platform connects all your operations, reducing paperwork and improving efficiency.

Connect the office and field with a simple-to-use mobile app and powerful web admin portal.



- Centralize work documents to keep projects on time.
- Track project progress and send approvals instantaneously.
- Create more predictable job scheduling and dispatch.
- Get paid faster by generating accurate invoices.

With GoCanvas, you can:

- Collect project data in real time, even when offline.
- Transform your data collection into meaningful outcomes.
- Streamline workflows, unify communications, and integrate processes.
- Produce professional, customer-facing PDFs with your branding using our PDF Designer.
- Create and customize digital forms and workflows to improve business processes.
- Boost collaboration and safeguard sensitive data across your organization.

Spend less time on admin tasks and more time on what matters.

Jobsite Project Management

- Centralize all your work documents.
- Connect the field and office.
- Automate scheduling and alerts.
- Simplify work changes and approvals.

Inspections & Maintenance

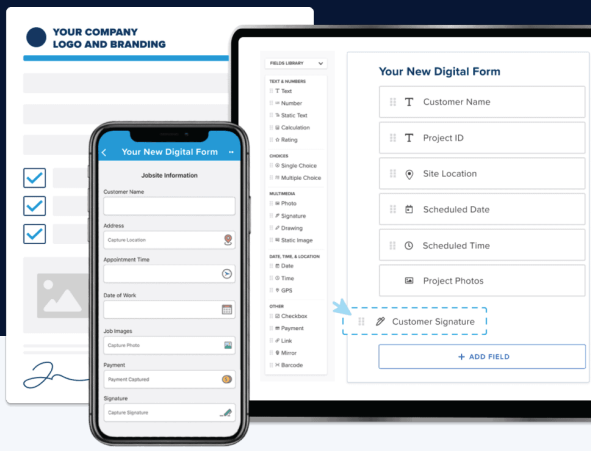
- Improve compliance and safety.
- Utilize digital checklists.
- Enable real-time collaboration.
- Implement photo and video capture.

Data Collection & Analytics

- Collect data anywhere, anytime.
- Keep your data secure.
- Gather insights on your findings.
- Customize reports with built-in templates.

Easy to build. Simple to use.

Our product comes equipped with a library of 30,000+ pre-built forms. But you know your business needs best, so our intuitive drag-and-drop builder and AI Form Converter allow you to create forms that do exactly what you need.



Most loved features:

Dispatch and workflow
Keep your extended teams on task by assigning and reassigning while on the go.

Image and video capture
Take photos and record videos to improve reports and keep teams informed.

Project management
Easily store customer info, streamline job insights for productivity, and gain better business visibility with our new platform.

Signature capture
Ditch the pen and paper for quick, simple, and convenient e-signatures.

Calculations
Save yourself from mental math headaches and calculator mishaps. We'll handle the pricing and costs.

Offline access
Complete your forms without signal, then easily sync up when you are back in range.

GPS
Keep tabs on equipment, vehicles, and staff at any given moment.

Barcode scanning
Easily check equipment in and out of inventory to optimize work time.

Conditional logic
Save time for the field by only displaying content that's relevant to the task at hand.

Quick start forms
Build forms in minutes by converting your existing PDF.

Follow-ups
Report, assign, track, and close issues in real time.

Integrations
Connect field data with your most-used business tools to reduce errors and re-entry.
