Tell us how we can help

- **Training and workshops:** Get an overview of the latest features and functionality to ensure your team is getting the most out of MindManager.
- **Webinars and lunch-and-learns:** Get a demonstration on your specific use-case or a high-level overview for your entire team.
- **Question and answer:** Get the information needed to improve your workflows.
- **Map review and improvement:** Review your existing maps and get expert advice on how to take MindManager to the next level.
- **Custom maps:** Have a map made specifically for your team with SmartRules, formulas, map roll-up, and much more.
- **Custom apps:** Offer personalized tools and solutions that seamlessly integrate into MindManager's interface to enhance the user experience for specific use cases.
